NOTICE.

In presenting our new Catalogue to our customers, and to the trade in general, we have followed the same system of illustrating every article in such a manner as to make it easily understood to our patrons.

We have added a great variety of new goods, which we found to be most needed by the trade, and have been very careful in only selecting the very best grade of goods to be obtained.

Our stock of Camel and Sable Hair Brushes and Pencils is the most complete in the market.

In consequence of higher prices of raw material, we have been obliged to raise our prices in some cases, but have tried to keep them as low as possible.

Mr. A. Smith has been a long time associated with the firm of Palm & Fechteler, and understands thoroughly the requirements of the Carriage, Car and Ornamental Painters.

We call your special attention to our genuine hammer stamp Fine Bronze Powders, of which our "A. S. finest Coach Painters," and "1A Lining Bronzes," are superior to any Bronzes introduced in the market, and the finer grades are unequaled.

Goods not suitable to the wants of our customers we are willing to exchange, and all suggestions for improvements shall have our full consideration.

Thanking for past favors, and assuring you of our continued prompt attention, we are,

Respectfully yours,

A. SMITH & SONS.

Conditions and Terms.

1.—Prices in this List are subject to a Liberal Discount varying with the fluctuation of the market, and are only good at the time given. No quotations given by our salesmen are binding on us, unless the order is given to them at the time.

2.—When the goods are sold and delivered to any railroad, express, or other carrier, and receipted for in good order, then our responsibility ceases.

3.—Parties desiring to open account with us will please send their reference to firms in this city to secure prompt execution of their orders.

Remarks.

Remittance should invariably be made by Money Order. Registered Letter, or Draft on New York.

Some Directions How to Use Brushes.

Brushes should never be kept in a warm or dry place, as the best made brushes are liable to shrink and come apart.

If the brush is very dry, when put to use, it causes the handle to start, and, when this is once done, it will readily come to pieces. When the handle is the least bit loose before putting to use, the brush should be put *for a short time with the point in water*, but never soaked, or if put in a damp place over night, it will tighten up, and no further trouble will be felt.

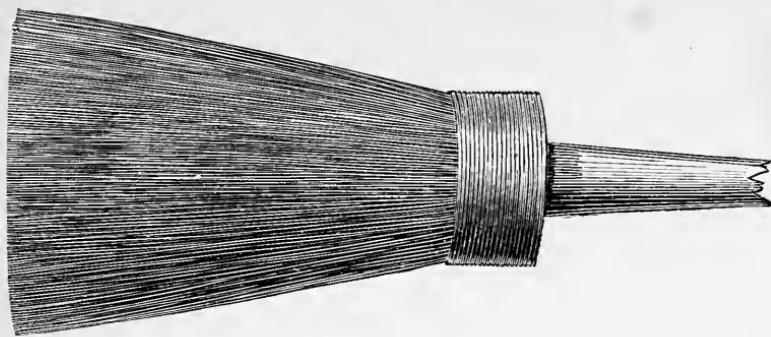

Paint and Varnish Brushes should never be used as dusters, nor used dry.

Never put a brush in newly-slacked lime, as it will surely destroy the bristles.

If customers would comply with these few hints, great trouble would be prevented in different cases, and not so many brushes pronounced worthless which are really superior make.

PRICES GIVEN IN A FORMER ISSUE OF OUR CATALOGUE ARE VOID.

A. SMITH & SONS'

"Reliance" Varnishes.

The "Reliance" Varnishes.

These Varnishes are of a superior quality especially manufactured for the use of Carriage-makers, and we feel confident that we can furnish our customers an article that will give perfect satisfaction.

Before ordering, read the descriptions of each carefully, so that you select the quality best adapted to your work.

WEARING BODY VARNISHES.

\$5 50 PER GAL.

(For Finishing Coats only.)

This Varnish is very pale, easy working, brilliant and durable. Is slow drying and very elastic.

MEDIUM DRYING BODY VARNISH.

\$5 00 PER GAL.

(For Finishing Coats only.)

Quicker Drying than our Wearing Body. Is pale, easy working, brilliant and durable.

HARD DRYING BODY VARNISH.

\$4 50 PER GAL.

(For Finishing Coats were dispatch is required.)

Is very pale, easy working, and brilliant.

ELASTIC GEAR VARNISH.

\$4 50 PER GAL.

(For Finishing Wheels and Carriage parts, where the greatest durability is required.)

Is very pale, easy working and brilliant. Should be used only where the work has been first prepared with one or more coats of our Rubbing Varnish.

HEAVY GEAR VARNISH.

\$4 50 PER GAL.

(For Finishing Wheels and Carriage parts over Color and Varnish.)

Very heavy in body, easy working, pale, brilliant, and quick drying. One coat is sufficient over color and varnish, yielding a very fine lustre.

ONE COAT COACH VARNISH.

\$3 50 PER GAL.

(For Finishing with One Coat on ordinary work.)

Very heavy in body, pale, and quick drying. Also adapted for Finishing Wheels and Carriage parts with One Coat.

No. I.—CARRIAGE VARNISH.

\$2 75 PER GAL.

(For Finishing and General Repair Work.)

Heavy in body, quick drying, well adapted for wagons, etc.

ELASTIC RUBBING VARNISH.

\$4 25 PER GAL.

(A 3-day Rubbing, for undercoats of Bodies and Coaches.)

Very pale and easy working. From one to three coats should be used according to the class of work. Should be protected with our "Wearing Body."

QUICK RUBBING VARNISH.

\$4 25 PER GAL.

(A 2-day Rubbing, for undercoats of Bodies and Coaches.)

Very pale and easy working. A very desirable Varnish for work requiring moderate dispatch.

No. I.—RUBBING VARNISH.

\$3 50 PER GAL.

(A 36-hour Rubbing Varnish.)

Intended for undercoats on Gears and Bodies, where dispatch is an object. Is very pale.

BLACK RUBBING VARNISH.

\$4 50 PER GAL.

(A 2-day Black Rubbing Varnish.)

A jet black Varnish, flows and rubs well. Will be found of great service, as it saves from one to two coats of black paint.

JAPANS.**Gold Size Japan.**

\$3 50 PER GAL.

(For Binding, Drying and Hardening Colors.)

Is very light in color, and a very reliable dryer.

Pale Coach Japan.

\$2 00 PER GAL.

A very light-colored drying Japan.

Brown Coach Japan.

\$1 75 PER GAL.

Not quite as light as our Light Coach Japan, but in every other respect the same.

ENAMEL TOP VARNISH.

\$4 00 PER GAL.

(For Renovating the Black Enamel Leather on Carriage Tops.)

Is very elastic, will not crack, but render the leather equal to new. All grease or dirt should be first removed from the leather with either spirits of turpentine or benzine. Use very thin, except on spots much worn. Apply with a hard brush, and reduce with spirits of turpentine if too thick.

This is put up in pints, quarts, half gallons and gallons.
